PROFILE

I'm a Computer Science Engineering 2024 graduate with excellent communication, problem-solving, and leadership skills. Eager to apply theoretical knowledge and coding expertise to real-world scenarios, fostering innovation, and developing high-quality, efficient projects.

EDUCATION

Bachelor's in Computer Science Engineering CGPA : 7.0 Chandigarh University	2020 – 2024 Mohali, India
Intermediate (CBSE board) Percentage : 78.2% Vanasthali Public School	2019 – 2020 Delhi, India
High School (CBSE board) Percentage : 78.4% Vanasthali Public School	2017 – 2018 Delhi, India

SKILLS

Technical skills

Java, Python, MySQL, OOPS, Data Structures, Algorithms, Problem Solving, Database, Backend Development
Machine Learning, Data Analysis, HTML, CSS, ReactJs, Spring, Angular

Interpersonal skills

Fast Learner, Motivator, Listener, Team leadership, Management, Coordination, Time Management, Decision Making, Creative and Critical Thinking, Communication

Interests and Hobbies

Coding, Editing, Sketching, Reading, Sports, Nature photography

CERTIFICATES

- AWS Cloud Solutions Architect 
- Foundations of Cybersecurity by Google 
- Python for Data Science, AI & Development by IBM 

TRAINING AND INTERNSHIPS

WIPRO Full stack JAVA developer (3 months)	05/2023 – 09/2023
Internshala Advanced Python (6 weeks)	06/2022 – 07/2022

PROJECTS & PUBLICATION

NER ON BIOMED TEXT | JAN 2024

RESEARCH PUBLISHED in Springer through ICCCT 24 conference,
model can be used for research purpose in medical field created using NLP libraries in Python

FAKE NEWS DETECTING SYSTEM | OCT 2023

Detects Fake news using WordCloud library, Python, JavaScript, and Concepts of Machine learning Algorithms

COMPLEX BUDGET TRACKER WEBAPP | MAY 2022

A budget tracking system with voice assistant, softwares used HTML, CSS, Node JavaScript

EXTRACURRICULAR ACHIEVEMENTS

Part of GUINEE's WORLD RECORD

- the largest image Human Waving Flag, initiated by Chandigarh University

Debate Competition

- Top 5% speaker from CSE department
